Problem(s) _____

Zero Surge Product(s) Used 8R15W-I

Application Details Used with home stereo

Benefits Realized Electronic protection for audio equipment. Improved sound.

Testimonial Quote Bought this solely for protection. As such, I expected it to be about as much "fun" as an insurance policy. However, I was completely surprised and beyond thrilled when I began using it ^{and discovered} that my sound quality took a big leap forward! ^ The music is "smoother" - less harshness, that I hadn't even realized was there. To say I am completely happy with the 8R15W-I is an understatement.
